

# Minutes 1

## Lakeside Freethinkers

**Those present** John de Waal, John Stokdijk, Henry Laxen, Stephen Segall, Michael Rose

**Date** May 18, 2016 4:06pm–5:10pm

**JDW** John brought up changing our mission statement, meeting time and place, and frequency of meetings. After a brief discussion we decided to keep things the way they are.

**JS** John S. had prepared a book report, but because of John DeWaal's email problems, he (JDW) did not know about it, and hence did not announce it in the Ojo del Lago. John S. will hold off presenting the report until the next meeting.

**JDW** Mentioned Ashley Montagu's book titled: "Man's Most Dangerous Myth: The Fallacy of Race"

**HL** Said that the most interesting meetings were the ones that involved some kind of controversy, such as the one on the existence, (or not) of free will.
